

# Energy performance certificate (EPC)

**!** A new certificate has replaced this one.

105, Roker Avenue SUNDERLAND SR6 0HW	Energy rating <b>E</b>	This certificate expired on:	12 February 2026
		Certificate number:	8009-4524-2229-3697-7263

Property type Mid-terrace house

Total floor area 119 square metres

## Rules on letting this property

Properties can be let if they have an energy rating from A to E.

You can read [guidance for landlords on the regulations and exemptions \(https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance\)](https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance).

## Energy rating and score

This property's energy rating is E. It has the potential to be D.

[See how to improve this property's energy efficiency.](#)

Score	Energy rating	Current	Potential
92+	A		
81-91	B		
69-80	C		
55-68	D		68 D
39-54	E	39 E	
21-38	F		
1-20	G		

The graph shows this property's current and potential energy rating.

Properties get a rating from A (best) to G (worst) and a score. The better the rating and score, the lower your energy bills are likely to be.

For properties in England and Wales:

- the average energy rating is D
- the average energy score is 60

## Breakdown of property's energy performance

### Features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

Feature	Description	Rating
Wall	Solid brick, as built, no insulation (assumed)	Very poor
Wall	Cavity wall, as built, no insulation (assumed)	Poor
Roof	Pitched, no insulation (assumed)	Very poor
Window	Fully double glazed	Average

Feature	Description	Rating
Main heating	Boiler and radiators, mains gas	Good
Main heating control	Programmer, no room thermostat	Very poor
Hot water	From main system	Good
Lighting	Low energy lighting in 30% of fixed outlets	Average
Floor	Suspended, no insulation (assumed)	N/A
Secondary heating	Room heaters, electric	N/A

## Primary energy use

The primary energy use for this property per year is 423 kilowatt hours per square metre (kWh/m<sup>2</sup>).

► [About primary energy use](#)

## Additional information

Additional information about this property:

- Cavity fill is recommended

## How this affects your energy bills

An average household would need to spend **£2,048 per year on heating, hot water and lighting** in this property. These costs usually make up the majority of your energy bills.

You could **save £726 per year** if you complete the suggested steps for improving this property's energy rating.

This is **based on average costs in 2016** when this EPC was created. People living at the property may use different amounts of energy for heating, hot water and lighting.

---

## Heating this property

Estimated energy needed in this property is:

- 26,933 kWh per year for heating
- 2,289 kWh per year for hot water

## Impact on the environment

This property's environmental impact rating is F. It has the potential to be D.

Properties get a rating from A (best) to G (worst) on how much carbon dioxide (CO<sub>2</sub>) they produce each year.

## Carbon emissions

<b>An average household produces</b>	6 tonnes of CO <sub>2</sub>
--------------------------------------	-----------------------------

---

<b>This property produces</b>	8.9 tonnes of CO <sub>2</sub>
-------------------------------	-------------------------------

---

<b>This property's potential production</b>	4.6 tonnes of CO <sub>2</sub>
---	-------------------------------

---

You could improve this property's CO<sub>2</sub> emissions by making the suggested changes. This will help to protect the environment.

These ratings are based on assumptions about average occupancy and energy use. People living at the property may use different amounts of energy.

# Steps you could take to save energy

► [Do I need to follow these steps in order?](#)

---

## Step 1: Cavity wall insulation

Typical installation cost £500 - £1,500

---

Typical yearly saving £43

---

Potential rating after completing step 1

40 E

---

## Step 2: Internal wall insulation

Typical installation cost £4,000 - £14,000

---

Typical yearly saving £337

---

Potential rating after completing steps 1 and 2

50 E

---

## Step 3: Floor insulation (suspended floor)

Typical installation cost £800 - £1,200

---

Typical yearly saving £59

---

Potential rating after completing steps 1 to 3

52 E

---

## Step 4: Low energy lighting

Typical installation cost £35

---

Typical yearly saving £40

---

Potential rating after completing steps 1 to 4

53 E

---

## Step 5: Heating controls (room thermostat and TRVs)

Typical installation cost £350 - £450

---

Typical yearly saving £209

---

Potential rating after completing steps 1 to 5

59 D

---

## Step 6: Solar water heating

Typical installation cost £4,000 - £6,000

---

Typical yearly saving £39

---

Potential rating after completing steps 1 to 6

60 D

---

## Step 7: Solar photovoltaic panels, 2.5 kWp

Typical installation cost £5,000 - £8,000

---

Typical yearly saving £272

---

Potential rating after completing steps 1 to 7

68 D

---

- Help from your energy supplier: [Energy Company Obligation](#)

## Who to contact about this certificate

## Contacting the assessor

If you're unhappy about your property's energy assessment or certificate, you can complain to the assessor who created it.

<b>Assessor's name</b>	Malcolm Quinn
<b>Telephone</b>	01226320070
<b>Email</b>	<a href="mailto:patquinn_8@hotmail.com">patquinn_8@hotmail.com</a>

## Contacting the accreditation scheme

If you're still unhappy after contacting the assessor, you should contact the assessor's accreditation scheme.

<b>Accreditation scheme</b>	Stroma Certification Ltd
<b>Assessor's ID</b>	STRO013859
<b>Telephone</b>	0330 124 9660
<b>Email</b>	<a href="mailto:certification@stroma.com">certification@stroma.com</a>

## About this assessment

<b>Assessor's declaration</b>	No related party
<b>Date of assessment</b>	12 February 2016
<b>Date of certificate</b>	13 February 2016
<b>Type of assessment</b>	▶ <a href="#">RdSAP</a>
